

TV SCREEN MOUNTS

MOTORISED TV MOUNTS

018-6186 Motorised stand for 55"-100" TV screens

The KIMEX 018-6186 motorised floor-standing stand is designed to accommodate TV screens from 55 to 100 inches. Designed for office, educational and hospitality settings, this height-adjustable motorised trolley is a versatile solution, ideal for those seeking a mobile display for presentations, video conferences, meeting rooms and showrooms.

Its robust dual-motor design allows even the heaviest screens, weighing up to 120 kg, to be raised and lowered. It offers a wide height adjustment range of 110 to 160 cm, controlled by an RF remote control with two programmable presets to suit your needs and ensure comfortable viewing. It also offers an adjustable tilt of $+5^{\circ}/-10^{\circ}$. Versatile in design, it features a central storage shelf and an upper camera mount, both height-adjustable and removable – a real asset for video conferencing sessions. Its base is fitted with four castors with brakes, allowing for easy movement whilst ensuring stability during intensive use. The cable management system ensures a neat finish. Compatible with VESA standards from 200x200 to 800x600, it is made from steel, aluminium and plastic, making it robust.

Key benefits:

- Motorised floor-standing stand for very large TV screens from 55" to 100", supporting up to 120 kg
- Robust dual motor, height adjustable from 110 to 160 cm, tilt $+5^{\circ}/-10^{\circ}$
- RF remote control with 2 programmable presets
- 4 castors with brakes for optimum mobility and stability
- 2 height-adjustable and removable shelves
